

NH DENTAL SOCIETY PROFESSIONAL DENTURE CARE PROGRAM

PO Box 2229, Concord, NH 03301 – (603) 225-5961

The Professional Denture Care Program is a voluntary program developed in 1980 by the dentists of the New Hampshire Dental Society to help provide professional care and services for full dentures to New Hampshire citizens of limited financial means.

Patient eligibility standards were established on an income basis related to the number of persons in the household. If you are **not** participating in any other program (s) and are living on a low and/or fixed income, you **may** qualify to purchase the dentures at a reduced fee. Fees for this program assist to cover the lab expenses of the dentists who donate their services and time.

Fees

Upper or Lower Dentures \$400

Upper and Lower Dentures \$800

Please visit www.nhds.org to download and application

DENTAL LIFELINE NETWORK – DONATED DENTAL SERVICES - NEW HAMPSHIRE

P.O. Box 3487, Concord, NH 03302 – (603) 223-1531 – (800) 292-1241 Toll free
Coordinator - Jan Denson.

Service

- DDS volunteers provide comprehensive treatment to eligible patients.
- Volunteers do not provide emergency services.

Eligibility

One must lack adequate income to pay for dental care and be:

- Permanently disabled or
- Medically at-risk or
- 65 years old or older

Due to lengthy waiting lists, we are not accepting applications in any county except the towns of Lebanon and Hanover, within Grafton County. Please check back at a later date to see if we have opened any counties.

GREATER NASHUA DENTAL CONNECTION, INC.

31 Cross Street, Nashua, NH 03064 – (603) 879-9314 or www.nashuadentalconnection.org

Who is eligible?

The Greater Nashua Dental Connection serves people of all ages, regardless of financial, linguistic, cultural or geographic barriers and facilitates their access to dental services. **The GNDC not only offers care to those who are eligible for benefits, but also low-cost services to those without insurance or benefits.** We are dedicated to offering reduced fees to help make quality care more accessible to those who may not be able to afford dental care on a regular basis. Those who are eligible for our services include individuals (both children and adults) and families living in New Hampshire who:

- **are without insurance**
- **are eligible for Medicaid**
- **have Healthy Kids Health Insurance and**
- **are in need of affordable, quality dental care.**

Programs and Services

A modern **Dental Clinic** and highly skilled staff that offer a full range of clinical services including oral exams, cleanings, fluoride treatments, fillings, sealants, X-rays, simple extractions and oral health instruction.

Reduced Clinic Fees that allow those individuals and families without insurance access to a full range of clinical services and quality care.

A **School Program** that transports children from 18 Nashua schools to the clinic for services. Our in-school screenings help to identify students in need of oral health care. *Most of these students have never visited a dentist before their participation in this program.*

A **Denture Program** that dramatically improves the quality of life and overall health of many impoverished elderly citizens and individuals. *Dentures are available at a significantly reduced cost.*

Oral Health Education and Outreach is offered to patients, families, schools, hospitals and the community. *Spanish translation services are also available at our clinic*

Our Hours of Operation:

Monday- 9:00-1:00 (clinic appointments); 9:00-4:00 (administrative hours)

Tuesdays, Wednesdays, Thursdays & Fridays- 8:30-5:00 (clinic appointments)

Saturdays & Sundays- closed

Please visit the Greater Nashua Dental Connection Website or call the office for a list of reduced fee services.

TUFTS UNIVERSITY SCHOOL OF DENTAL MEDICINE

1 Kneeland Street, Boston, MA 02111 - (617) 636-6828

Tufts University School of Dental Medicine offers a full range of high quality general, specialty and emergency dental care at lower fees than private dental practices. Dental care is especially affordable because faculty-supervised pre-doctoral dental students and post-doctoral dental residents provide treatment.
