

Over the past 41 years, Gateways Community Services has helped thousands of individuals lead quality, meaningful lives within their community. For some of those we serve, we have been by their side since birth and into adulthood.

Rewards come from seeing results. It's heartwarming to see a child who is better able to express feelings after having spent time with our ABA therapists at the Autism Center. It's fulfilling for our service coordinators to watch as their clients develop relationships with others, improve self-advocacy, or get a job. Good feelings also come from having helped someone access services such as a recreation program or help with finding a respite provider.

In these last days of 2022, we hope you'll consider a year-end donation to make a difference in the lives of those we serve. Your support truly makes a difference in our community.
